

**Hurry Registration open for**

**“INNOVATIONS IN COGNITIVE LEARNING”**

**Explore the new innovations in cognitive learning for better academic growth**

**Jointly conducted by Chennai Counselor Foundation and Energia SOI**

**Date: 5<sup>th</sup> November 2016 | Time: 10am to 2pm**

**Certificate for Participating in the workshop**

**Registration fees Rs 500/- per person**

**About Workshop**

This workshop gives you the tools and materials needed to help those that are struggling, challenge those that are gifted, and provide all of your students with a solid foundation to be successful in their academic careers!

SOI is a system of tests and training materials to develop intellectual learning abilities necessary for academic success. Train weak abilities and enhance strong ones.

The key to remedy learning failure is to know why the failure is occurring and to have a systematic approach for eliminating the cause. We help with both.

**Who Benefits from this workshop**

Innovative cognitive learning can help anyone think faster and more effectively

What does that mean for psychologist, school counselors and remedial educators? Innovative cognitive learning programs actually change the way students think and learn

This training helps in giving students a huge boost in confidence as well as doing better academically

Innovative cognitive learning benefit many people:

- a. Identify giftedness in students
- b. Preschoolers: cognitive learning can virtually improve your preschooler's success!
- c. Slow Learner, ADD/ADHD, LD, and Dyslexia
- d. Struggling Students: Higher performance is possible
